

Lupita Ocampo Aguilar

Water Regulation Research
Intern Climate Impacts
Group

About Me

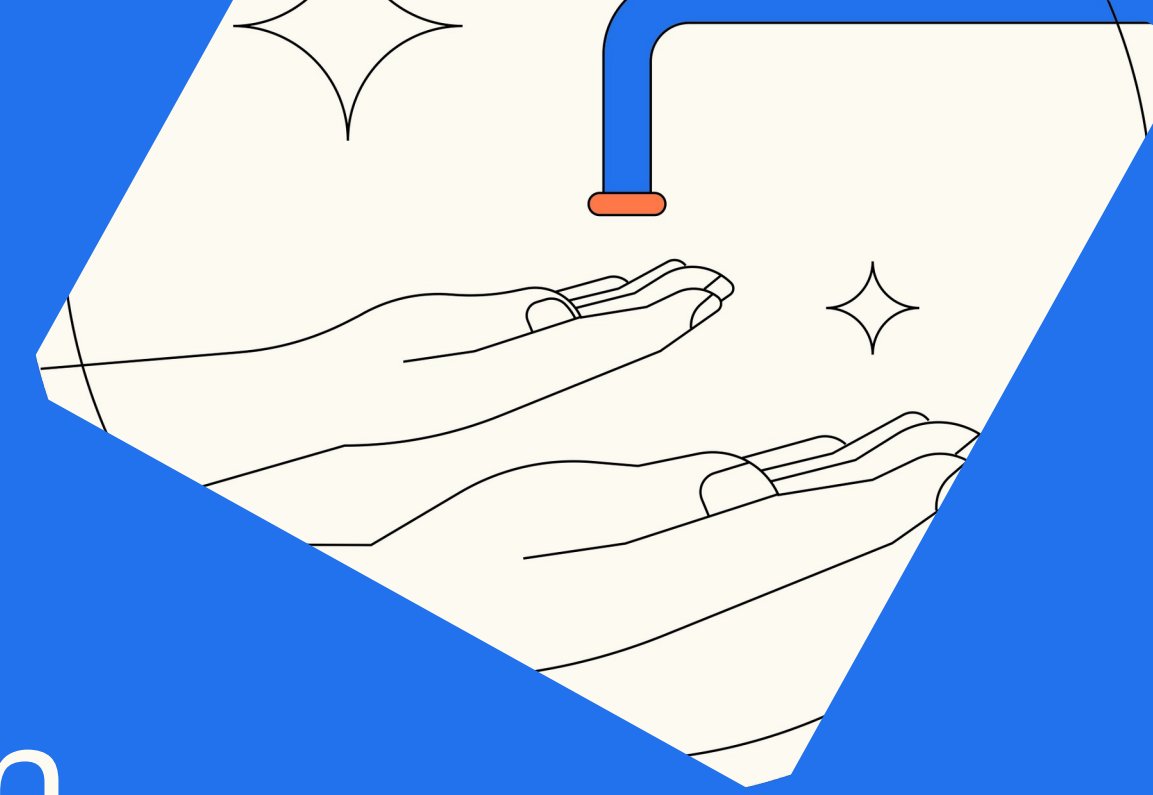

Minor: Labor Studies &
Geography
Interests

- Health Disparities
- Social Determinants of Health

Internship Position

Water Regulation Research Intern

- Environmental policy structures
- Rural community focus
- Creation of a synthesis document
 - Comparison of EPA Petitions in OR, WA, MN, and IA

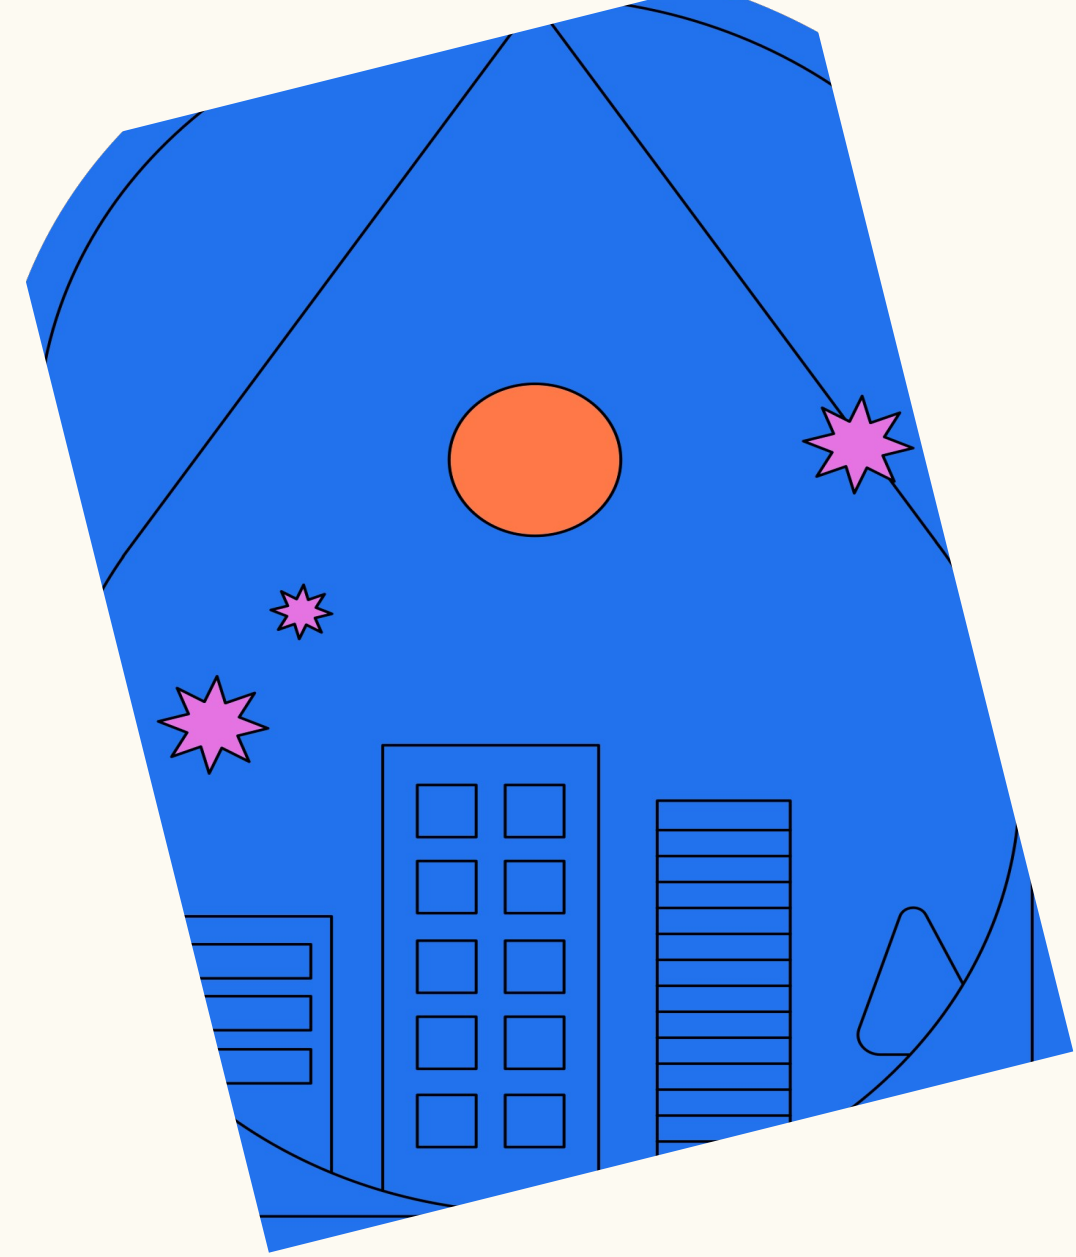

Growth Spots

Internship

- Communication within a professional setting
- Organization of time/efforts

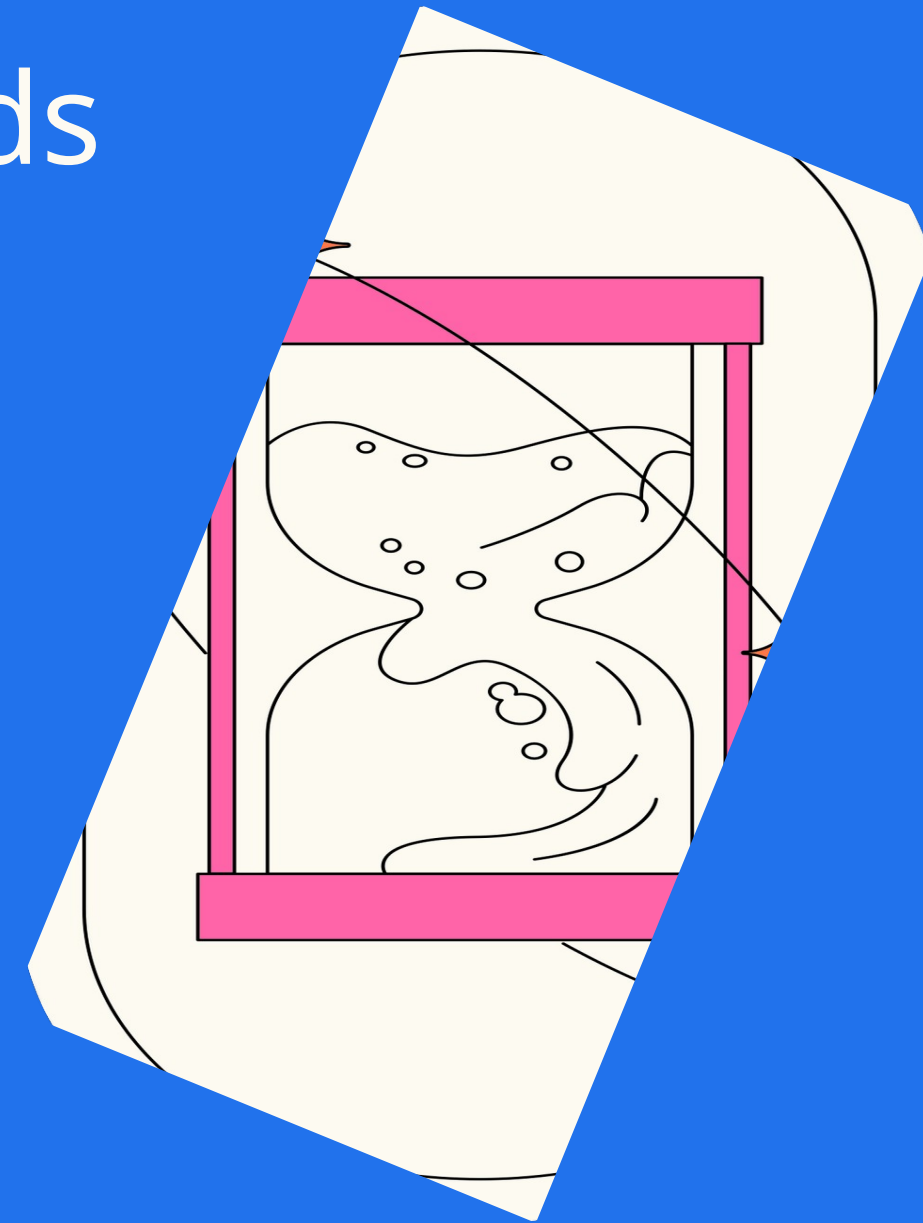

Cohort/Guest Speakers

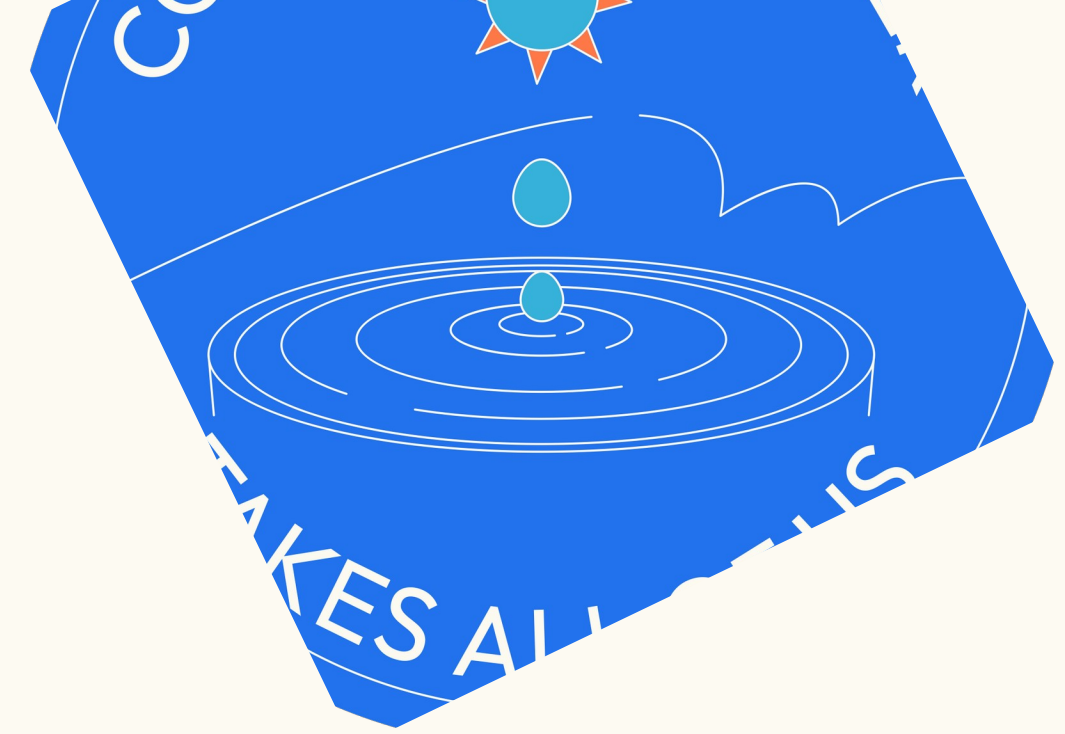

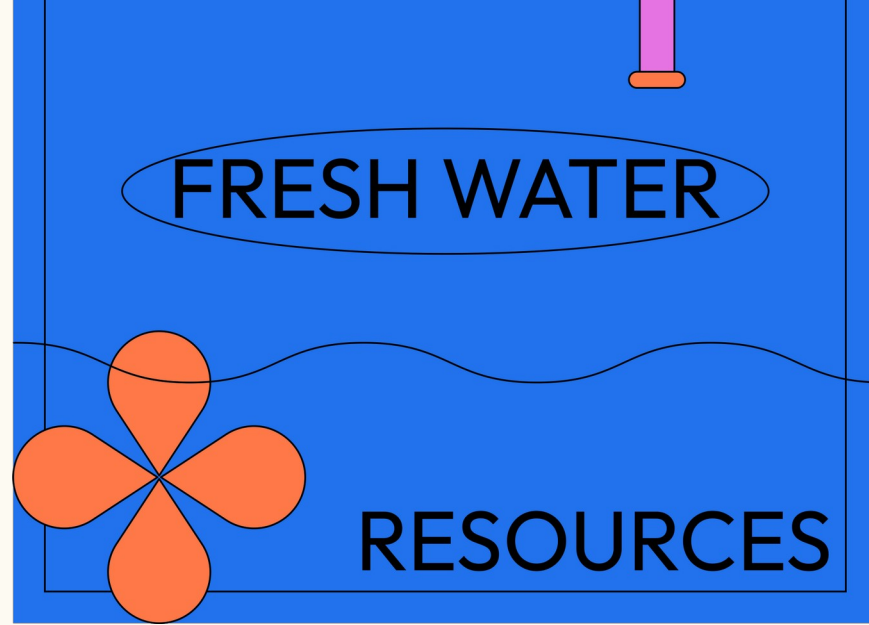

- Collaborative reflection
- Abundance of opportunities and time for change

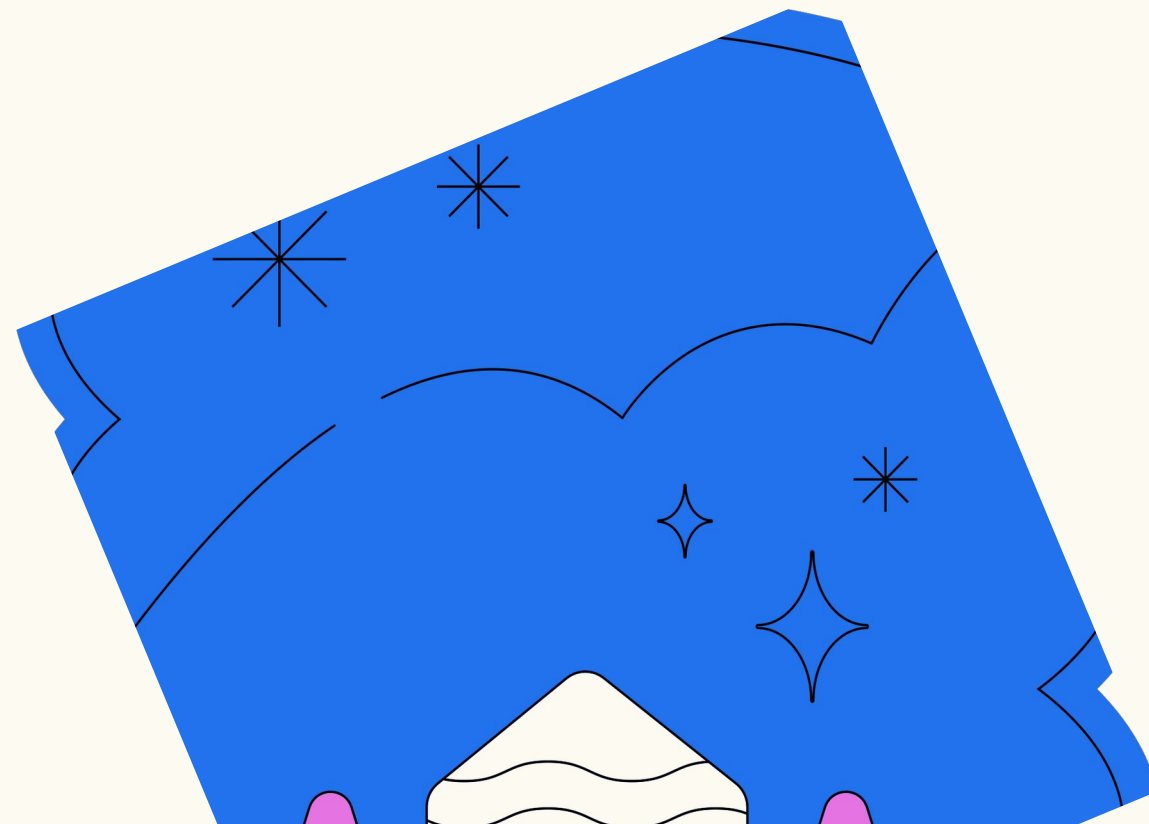

What am I taking away?

- Research is not for me, BUT maybe centering collaboration with community/people is
- Directing my public health passion towards the natural environment
- The job search is growing, with environmental justice policy to field work

Thank You!

Special Shoutouts to Anne Thebo (my supervisor) and the Earthlab + CIG Teams
