WORKSHOP

- Led design of Youth storytelling workshop with place centered theme.
- Worked with uw partners and Tikkun Olam Productions and Shoalwater Bay Indian Tribe.

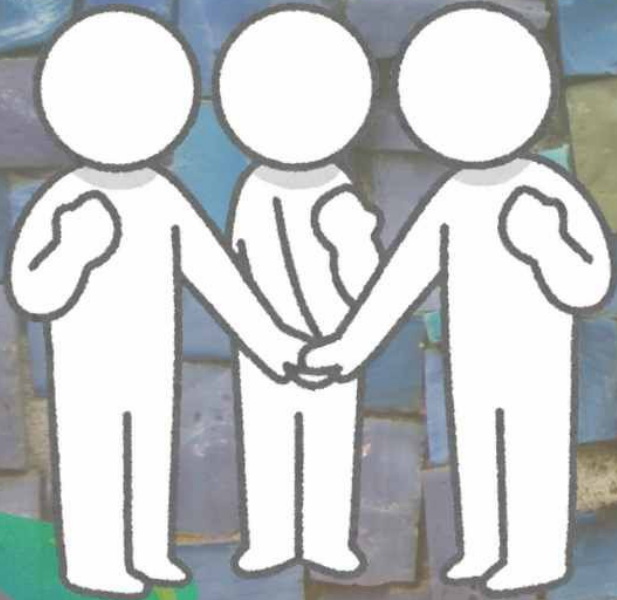

REFLECTIONS

ART!

- Prep work for Community Based Participatory Action Research
- Agency, what do I do with it?
- Ask for help!- People want you to succeed
- Moving fast isn't always the answer

COHORT

- Paths aren't linear
- The job doesn't have to be climate centered for you to center the climate crisis in it.
- Your interest will intersect even if you don't think they will.

THANK YOU!

Thank you to the whole EarthLab team, interns,
and all of Climate Impacts Group for encouraging
me to learn, grow, and believe in my own agency.
